

2019/20 DRFAWA ELIGIBLE DISASTER PROCLAMATION NOTIFICATION

AGRN888 TROPICAL CYCLONE (TC) BLAKE, ASSOCIATED THUNDERSTORMS AND FLOODING (8-16 JANUARY 2020).

The above event has been proclaimed an *eligible disaster* under the Disaster Recovery Funding Arrangements, Western Australia (DRFAWA) on 28 January 2020, pursuant to clause 5.1 of the Disaster Recovery Funding Arrangements (DRFA) (the *Arrangements 2018*), issued by the Commonwealth Government Department of Home Affairs. The State Government will provide financial assistance to those people who have been affected through joint State and Commonwealth disaster relief and recovery arrangements.

TC Blake crossed the East Pilbara coast on Wednesday 8 January 2020 as a Category 1 cyclone, before tracking southwest through the Pilbara and Interior bringing damaging winds and heavy rainfall. Ex-TC Blake continued slowly through the interior of the State, weakening to a low- pressure system but bringing significantly heavy rain to the townsite of Newman in the Shire of East Pilbara and the Shire of Wiluna. By the 11 January 2020 Ex-TC Blake had decayed to the point where it had lost the majority of its structure and the trough drifted west into the Gascoyne. Between the 12-16 January 2020 the trough remained over the Gascoyne and Goldfields areas for several days and injected a significant amount of moisture into the State, continuing to generate enhanced heavy showers and thunderstorm activity.

Pursuant to subclause 1.1.1 of the *Arrangements 2018*, 'Cyclone', 'Storm' and 'Flood' are deemed to be eligible *natural disaster* event.

For the purposes of the DRFAWA this event will be referred to as '***TC Blake, Associated Thunderstorms and Flooding (8-16 January 2020)***'.

DRFAWA is jointly funded by the State and Commonwealth Governments and administered by the Dept. of Fire and Emergency Services (DFES), with assistance from other agencies.
